PUBLIC HEARING NOTICE TUESDAY, DECEMBER 14, 2021 6:30PM ADOPTION OF THE DELTA REGION GEOLOGICAL HAZARD ABATEMENT DISTRICT (GHAD)

Previously referred to as the Isleton GHAD

NOTICE IS HEREBY GIVEN that the City of Isleton City Council will hold a public hearing on December 14, 2021 at 6:30 p.m. at Isleton Community Center, 101 Second Street with public participation via Teleconference, to consider the following:

ADOPTION OF THE DELTA REGION GEOLOGICAL HAZARD ABATEMENT DISTRICT (GHAD). A Geological Hazard Abatement District (GHAD) is an independent, local-level public agency that oversees geologic hazard prevention, mitigation, abatement and control. Pursuant to California Public Resources Code Section 26500, the City plans to form a district that will address the prevention of geologic hazards, with mitigation and abatement being primary functions. A “geologic hazard” is broadly defined as an actual or threatened landslide, land subsidence, soil erosion, earthquake, fault movement or any other natural or unnatural movement of land or earth, including floods. **Benefits:** GHAD can offer lower cost of flood insurance, safer floodplains, more effective emergency response, greater protection of public safety and property and affordable adaptive infrastructure improvements.

All interested persons are invited to attend and present questions and concerns on the matter and/or submit written comments prior to the meeting. Submit any written comments to the Deputy City Clerk, City of Isleton, P.O. Box 716, Isleton, CA 95641 or by e-mail at Yvonne.zepeda@cityofisleton.com. Teleconference log-in information will be provided on the meeting’s agenda which will be posted on the City website at least 72 hours in advance of the meeting.
